

SAMRINA SARKAR SAMMI

MSc Data Science and Network Intelligence | Research and Data Science
Évry-Courcouronnes, France | +33 7 67 88 37 61
samrinasarkar@gmail.com | Portfolio | LinkedIn | GitHub
Seeking a 20-week internship in France from February 2027

PROFILE

M2 Data Science student at Télécom SudParis with ML and Bengali NLP research experience and two peer-reviewed publications. Skilled in Python, SQL and model evaluation, with projects in predictive analytics and business intelligence.

EDUCATION

Télécom SudParis, France Sept 2026–2027 expected
MSc Data Science and Network Intelligence (M2). Coursework: Deep Learning, Predictive Analytics, Large-Scale Data Processing and Network Automation.

Suihua University, China Sept 2025–July 2026
Chinese Language Programme.

Daffodil International University, Bangladesh Jan 2019–Mar 2023
BSc Computer Science and Engineering. CGPA: **3.91/4.00**. Thesis: COVID-19 feedback text mining using ML, deep learning and hybrid approaches.

SKILLS

Programming and databases: Python, Java, C, SQL; PostgreSQL, MySQL.
Data science and AI: Data analysis, machine learning, deep learning, NLP, computer vision and forecasting; pandas, NumPy, scikit-learn, TensorFlow/Keras.
Research: Literature review, experimental design, model evaluation, academic writing and presentations.
Business intelligence: Power BI, Tableau (learning projects), Excel and web analytics.
Web development: HTML, CSS, JavaScript and WordPress.
Tools and systems: Git/GitHub, Jupyter, Google Colab; networking and IoT fundamentals.

EXPERIENCE

Research Assistant | Daffodil International University Oct 2022–Jan 2025
Contributed to NLP, ML/DL and computer vision research through data analysis, modelling and evaluation; co-authored two publications with the NLP & ML Research Lab.

Freelance Web Developer and SEO Analyst | Al Fajar Furniture Mar–June 2026
Built a WordPress website and used analytics to guide SEO; reported monthly growth of 222% in engaged sessions and 142% in users.

Private English Tutor (part-time) | Freelance, Dhaka 2018–2025
Provided English lessons and academic support for secondary and university students.

PROJECTS

StereoQueerEval | Télécom SudParis | 2026–Present: Ongoing literature review and dataset exploration for context-aware LGBTQIA+ stereotype detection; planned text-only versus context-informed model evaluation.
COVID-19 Bangla text mining: BanglaBERT extension with five-fold stratified cross-validation; comparison with classical ML and deep learning baselines.
Bengali product-review sentiment: 300 reviews, TF-IDF n-grams and seven classifiers; documented small-test-set and single-split limitations.
Supply Chain Network Intelligence: Delay prediction (0.825 ROC-AUC), demand forecasting (5.36% holdout MAPE), network analysis and Power BI reporting.
Online Retail Customer Behaviour: Python–PostgreSQL analysis of 541K+ transactions, SQL window functions, customer segmentation and a Power BI dashboard.
Sales Performance Dashboard: Tableau learning project with YoY KPIs, LOD expressions, parameters and interactive regional/customer views.

PUBLICATIONS

Co-author. "Multihead Text Mining from COVID-19 Feedback Using Machine Learning, Deep Learning, and Hybrid Deep Learning Approaches." *International Journal of Intelligent Systems*, Wiley, 2024. DOI
Co-author. "Analysis of Bangla Transformation of Sentences Using Machine Learning." Springer, 2023. DOI

LEADERSHIP AND AWARDS

Executive Member, DIU NLP & ML Research Lab (2022): research/publications wing, workshops and webinars. Brilliant Academic Result Scholarship (multiple semesters, up to 50% tuition waiver); Best Volunteer Award, DIU CPC (2021).

LANGUAGES AND INTERESTS

Languages: Bengali: native | English: professional working proficiency | French: A1, learning | Mandarin: HSK 2.
Interests: Technology, volunteering, travel and language learning.
